

Placerita Canyon Nature Center Associates

Outreach Program--Attention Teachers

If you are unable to bring your class to the Placerita Canyon Nature Center we can come to you!

The PCNCA has a program where we bring many of the same native birds and other critters to your school that you would see at the center.

The program lasts approximately 50 minutes your students can learn and enjoy the wonders of nature in the comfort of their own classroom or the MPR. We bring raptors, snakes, spiders and various pelts and other educational material

If you are studying a particular nature subject, we will give extra focus on that subject; however all our presentations focus on local creatures and their place in nature. We ask for a \$200 donation, often paid by the PTA

For more information, please contact
Heidi Webber by email at:

hwebber@pacbell.net

You will be glad you did!
